

21st Annual
Alternative Christmas Fair!

LINCOLN PARK BARN
12th & North Ave., Grand Junction

Sunday, November 13th ~ 10:00 am – 4:00 pm

- * Over fifty local, national and international non-profit projects on display, giving you the chance to purchase meaningful, alternative gifts in honor of the true spirit of the season.
- * Handmade crafts, beautifully created by artisans from developing countries—the perfect accompaniment to your alternative gift. This year's international crafts are being brought to you by ***Light Gives Heat*** (Uganda) and ***Foundation for Cultural Exchange*** (El Salvador).
- * Coffee and cookies will be served in a festive atmosphere to welcome the holidays in a loving, caring and compassionate spirit of giving.
- * Most of all, we hope you will be especially generous this year as you browse through the many displays, deciding which worthwhile projects you wish to support.

First time at the Fair? Here's how it works...

- * Take a moment to look over the included shopping lists and think about how your holiday shopping can make a real difference in the world. Consider which of these alternative gifts your friends and family would appreciate, knowing that you gave on their behalf. Matching gifts to loved ones is half the fun!
- * Join us at the Fair, where you will find exhibits representing each of the projects on the included lists. Shop around and pick the projects you wish to support. When you have chosen, fill out your shopping lists and indicate how many gift cards you would like. Then visit the cashier to make your cash, check or **credit card** payment (this year we will be accepting Visa, MasterCard or Discover).
- * In return you will receive customized holiday gift cards to give to family, friends and associates, letting them know about the projects to which you gave in their honor.
